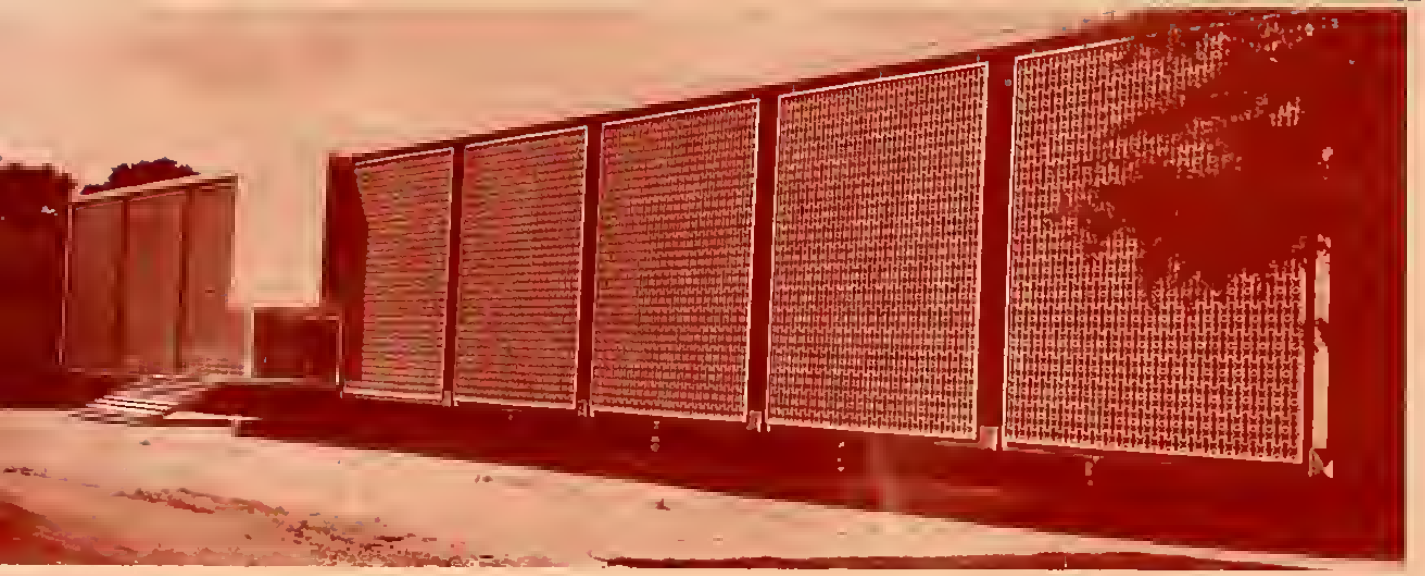
MSC - ANNOUNCEMENTS



SUMMER SESSION 1961

•

MISSISSIPPI SOUTHERN COLLEGE

Ideal conditions

For Living

The College Union Building is a beautiful structure which is completely air-conditioned. It contains a spacious Recreation Room, rooms for social and religious meetings as well as conferences. Also, in this edifice is Wimpy's, famous as a snack bar and fountain, and popular as a student gathering place.

The Cafeteria is operated by the college and is an air-conditioned and comfortable facility offering well-balanced and pleasing menus at reasonable prices.

Student Health Services with an adequate staff of physicians and nurses are provided.

Other Facilities include the Southern Playhouse, the Sports Arena, up-to-date physical education facilities, a swimming pool, an eighteen-hole golf course, the campus radio station, and a Meditation Chapel.

For Learning

The Library is a modern completely air-conditioned structure with ample reading and study space for all who wish to use it. Open stacks provide delightful browsing as well as efficient accessibility for the serious student. Carrels are available for graduate students as are typing facilities and modern research facilities.

The Science Building is a spacious new structure which provides complete air-conditioned classrooms, laboratories, and offices with the most modern equipment and facilities.

The Fine Arts Building is a new and beautiful edifice with facilities for music and art. Sound-proof studios and modern equipment add to its utility. It is completely air-conditioned.

The Placement Center happily and courteously assists students in locating positions in business, industry, government, and public school teaching and administration.

The Testing Service has facilities for conducting a complete testing and counseling program.

Other Facilities include the laboratory school, the modern home economics building, the Institute of Latin American Studies, complete reading, speech correction, and psychological clinics, a well-eqipped bookstore, and numerous classrooms and lahoratories.

A Full Quarter's Work In Eleven Weeks

Whatever Your College Objective There Is A Program For YOU

At MISSISSIPPI SOUTHERN COLLEGE

A full range of programs, Graduate and Undergraduate...

Schools and Divisions

The Summer Session of Mississippi Southern College is an integral part of the college program. The curricula that are offered are identical with those of the fall, winter, and spring quarters. A student may complete a full quarter's work in the Summer Session.

Students may make progress toward fulfilling requirements for all degrees offered by the college. Programs leading to degrees are offered in the following Schools and Divisions:

The School of Education and Psychology
The School of Arts and Sciences
The School of Commerce and Business Administration
The Division of Fine Arts
The Division of Home Economics
The Evening College

Graduate Programs

A balanced program of graduate courses is available in over twenty fields. These include all of the areas of education, psychology, biology, chemistry, mathematics, English, history and government, speech, business administration, economics, business education, health and physical education, recreation, industrial arts, home economics, and music. The following degrees are offered on the graduate level:

Doctor of Philosophy
Doctor of Education
Master of Arts
Master of Science
Master of Education
Master of Music
Master of Music Education

Programs in Education

Undergraduate Certificate Programs. Courses especially designed to aid undergraduate and special students in meeting certification requirements for teaching in elementary and secondary schools are offered in the Summer Session.

Certificate Renewal Program. A special effort is made to offer courses needed by teachers for certification renewal requirements. These requirements frequently can be met in half a summer quarter.

Graduate Program. A full graduate program in education is provided in the summer quarter leading to the masters and doctoral degrees.

Preprofessional Programs

Preprofessional programs are available in engineering, medicine, dentistry, hospital technology, nursing, optometry, pharmacy, and law.

The Quarter System

With bulging enrollments, the trend throughout the nation is to the quarter system which makes possible year-round attendance in college. Under the quarter system Mississippi Southern is in the vanguard of progress in being a pioneer in this movement toward a practical year-round operational schedule. Through this system a full utilization of facilities is possible for the full year with a maximum enrollment. The summer quarter is an integral part of a four quarter program. It is the same length as other quarters and offers a complete schedule of work on every level. In the summer quarter counseling services are available for all students including beginning freshmen.

Housing

Several new and beautiful dormitories have just been completed. These with a number of other well-equipped dormitories provide excellent accommodations for both men and women. Rates in the dormitories average $46.66 per person per quarter. A number of campus apartments are available for married couples. For information about housing and to reserve dormitory rooms, contact the Director of Housing, Box 64, Station A, Hattiesburg, Mississippi.

Admission

All students must meet admission requirements of Mississippi Southern College as stated in the college catalog. Information about admission to the college or enrolling as a visiting student from another institution may be obtained by writing the Director of Admissions, Box 11, Station A, Hattiesburg, Mississippi.

Fees

One of the advantages of Mississippi Southern College is the relatively low expense involved. For a full load of work, the tuition fee for a resident of Mississippi is $67.00 for a quarter. A meal ticket in the cafeteria for a full quarter is $69.00. This means that the total cost of tuition, room and board for a resident of Mississippi to take a full quarter of work at Mississippi Southern College is $182.66.

For part-time students the tuition fee is $6.00 per quarter hour.

Summer Session 1961 - A Truly Great Opportunity In Higher Education

BULLETIN
of
Mississippi Southern College
Summer Quarter
1961

Published by Mississippi Southern College
Hattiesburg, Mississippi

Volume 48 January, 1961 Number 3

Published quarterly by Mississippi Southern College, Hattiesburg, Mississippi. Entered as second-class matter February 14, 1913, at the Post Office at Hattiesburg, Mississippi, under the Act of August 24, 1912. (Owned and published by Mississippi Southern College, Station A, Hattiesburg, Mississippi.)

Calendar

Summer Quarter, 1961

Thursday, June 8—Evening College and Graduate registration.

Friday and Saturday, June 9 and 10—Registration for summer quarter.

Friday, July 14—First term examinations.

Monday, July 17—Registration for second term.

Tuesday, Wednesday, Thursday, August 15, 16, 17— Examinations and Records.

Courses in the summer quarter may be taken in either the first term or the second term, or may be taken through the whole quarter.

* Indicates courses completed in the first term.
** Indicates courses completed in the second term.

ATTEND SCHOOL THE YEAR ROUND . . . . WITH THE ADVANTAGES OF THE QUARTER SYSTEM.
A FULL QUARTER'S CREDIT IN THE SUMMER SESSION.

Air Conditioned Classrooms, Library, Cafeteria, And Student Union

Summer Institute

FOR HIGH SCHOOL TEACHERS OF SCIENCE AND MATHEMATICS

An institute for high school teachers of science and mathematics will be one of the outstanding features of the 1961 Summer Session. This institute has been made possible by a grent from the National Science Foundation. Its purpose is to improve standards of teaching science and mathematics and to increase their capacity to motivate high school students to consider careers in those fields. The institute will extend over a period of nine weeks and will be taught by instructors who are members of the graduate faculty at Mississippi Southern College. Work taken in the institute may be applied as credit toward a masters degree and toward the renewal of a Class A Teacher's Certificate in the State of Mississippi. Seventy teachers will be selected by a committee to receive stipends amounting to $675 per student plus $135 for each dependent and a travel allowance. Teachers who are not awarded stipends may participate in the institute at their own expense if they are eligible for admission to the program.

For additional information, write Dr. J. Fred Walker, Director, Summer Science Institute, Box 18, Station A, Hattiesburg, Mississippi.

PSYCHOLOGY

Whatever Your College Objective There Is A Program For YOU

At

MISSISSIPPI SOUTHERN COLLEGE

A full range of programs, Graduate and Undergraduate...

Schools and Divisions

The Summer Session of Mississippi Southern College is an integral part of the college program. The curricula that are offered are identical with those of the fall, winter, and spring quarters. A student may complete a full quarter's work in the Summer Session.

Students may make progress toward fulfilling requirements for all degrees offered by the college. Programs leading to degrees are offered in the following Schools and Divisions:

The School of Education and Psychology
The School of Arts and Sciences
The School of Commerce and Business Administration
The Division of Fine Arts
The Division of Home Economics
The Evening College

Graduate Programs

A balanced program of graduate courses is available in over twenty fields. These include all of the areas of education, psychology, biology, chemistry, mathematics, English, history and government, speech, business administration, economics, business education, health and physical education, recreation, industrial arts, home economics, and music. The following degrees are offered on the graduate level:

Doctor of Philosophy
Doctor of Education
Master of Arts
Master of Science
Master of Education
Master of Music
Master of Music Education

Programs in Education

Undergraduate Certificate Programs. Courses especially designed to aid undergraduate and special students in meeting certification requirements for teaching in elementary and secondary schools are offered in the Summer Session.

Certificate Renewal Program. A special effort is made to offer courses needed by teachers for certification renewal requirements. These requirements frequently can be met in half a summer quarter.

Graduate Program. A full graduate program in education is provided in the summer quarter leading to the masters and doctoral degrees.

Preprofessional Programs

Preprofessional programs are available in engineering, medicine, dentistry, hospital technology, nursing, optometry, pharmacy, and law.

The Quarter System

With bulging enrollments, the trend throughout the nation is to the quarter system which makes possible year-round attendance in college. Under the quarter system Mississippi Southern is in the vanguard of progress in being a pioneer in this movement toward a practical year-round operational schedule. Through this system a full utilization of facilities is possible for the full year with a maximum enrollment. The summer quarter is an integral part of a four quarter program. It is the same length as other quarters and offers a complete schedule of work on every level. In the summer quarter counseling services are available for all students including beginning freshmen.

Housing

Several new and beautiful dormitories have just been completed. These with a number of other well-equipped dormitories provide excellent accommodations for both men and women. Rates in the dormitories average $46.66 per person per quarter. A number of campus apartments are available for married couples. For information about housing and to reserve dormitory rooms, contact the Director of Housing, Box 64, Station A, Hattiesburg, Mississippi.

Admission

All students must meet admission requirements of Mississippi Southern College as stated in the college catalog. Information about admission to the college or enrolling as a visiting student from another institution may be obtained by writing the Director of Admissions, Box 11, Station A, Hattiesburg, Mississippi.

Fees

One of the advantages of Mississippi Southern College is the relatively low expense involved. For a full load of work, the tuition fee for a resident of Mississippi is $67.00 for a quarter. A meal ticket in the cafeteria for a full quarter is $69.00. This means that the total cost of tuition, room and board for a resident of Mississippi to take a full quarter of work at Mississippi Southern College is $182.66.

For part-time students the tuition fee is $6.00 per quarter hour.

A Full Quarter's Work In Eleven Weeks

For Learning

The Library is a modern completely air-conditioned structure with ample reading and study space for all who wish to use it. Open stacks provide delightful browsing as well as efficient accessibility for the serious student. Carrels are available for graduate students as are typing facilities and modern research facilities.

The Science Building is a spacious new structure which provides complete air-conditioned classrooms, laboratories, and offices with the most modern equipment and facilities.

Other Facilities include the laboratory school, the modern home economics building, the Institute of Latin American Studies, complete reading, speech correction, and psychological clinics, a well-equipped bookstore, and numerous classrooms and laboratories.

The Testing Service has facilities for conducting a complete testing and counseling program.

The Placement Center happily and courteously assists students in locating positions in business, industry, government, and public school teaching and administration.

The Fine Arts Building is a new and beautiful edifice with facilities for music and art. Sound-proof studios and modern equipment add to its utility. It is completely air-conditioned.

Ideal conditions

For Living

The College Union Building is a beautiful structure which is completely air-conditioned. It contains a spacious Recreation Room, rooms for social and religious meetings as well as conferences. Also, in this edifice is Wimpy's, famous as a snack bar and fountain, and popular as a student gathering place.

The Cafeteria is operated by the college and is an air-conditioned and comfortable facility offering well-balanced and pleasing menus at reasonable prices.

Student Health Services with an adequate staff of physicians and nurses are provided.

Other Facilities include the Southern Playhouse, the Sports Arena, up-to-date physical education facilities, a swimming pool, an eighteen-hole golf course, the campus radio station, and a Meditation Chapel.
